

Part-Time Family Nurse Practitioner Place-Based Primary Care Clinic

Job Overview:

We are seeking a compassionate and community-oriented Family Nurse Practitioner to provide high-quality care at one of our place-based primary care clinics. In this part-time role, you will deliver comprehensive primary care to both children and adults in underserved communities. An ideal candidate has experience in public and community health and a passion for working with low-income Medicaid populations to promote health equity and improve outcomes.

Nurse Practitioner Responsibilities:

- Delivering primary care services, including diagnosis, treatment, and management of acute and chronic conditions for children and adults.
- Conducting comprehensive health assessments and developing individualized care plans.
- Providing preventive care services, including screenings, immunizations, and health education.
- Collaborating with a multidisciplinary team to coordinate patient care and address social determinants of health.
- Building relationships with patients to foster trust and encourage engagement in their health and wellness.
- Documenting patient visits and maintaining accurate medical records using electronic health record (EHR) systems.
- Participating in quality improvement initiatives and staying informed on best practices in community and public health.

Nurse Practitioner Requirements:

- Master's or Doctorate degree in Nursing (MSN, DNP, or equivalent).
- Active and unrestricted DC Nurse Practitioner (NP) license with certification in Family Practice or a related area.
- Experience in public health, community health, or working with low-income Medicaid populations strongly preferred.
- 2-5 years of clinical experience as a Nurse Practitioner preferred.
- Proficiency in electronic health record (EHR) systems.
- Dedication to serving diverse communities and addressing healthcare disparities.

Schedule and Location:

- Part-time position, with flexible scheduling options.
- Role based in one of our place-based primary care clinics serving the local community.
